RESEARCH & PROFESSIONAL EXPERIENCE

IMPACT Initiatives

Jan 2024 - Present

Climate & DRR Assessment Assistant

Bishkek, Kyrgyz Republic

- Supported environmental and social impact assessments and developed community-based monitoring tools for the STREAM project in the Fergana Valley, focusing on sustainable natural resource management and enhancing accountability through evidence-based approaches. Developed and refined research methodologies and data collection tools using Kobo Collect and ODK to ensure accurate data gathering.
- Conducted structured workshops with local communities and stakeholders to present feasibility study results and gather feedback, contributing to sustainable project implementation. Engaged in Disaster Risk Reduction (DRR) and Climate Risk and Vulnerability Assessments (CRVA) to inform project strategies, ensuring compliance with project cycle management and data protection policies.

Nazarbayev University

Research Assistant

Astana, Kazakhstan
